Experience

Vodex, Baghdad-Karrada, Mobile Application Developer

March 2025 – Present, [Google play](#)

- Developed **Sias App**, a responsive Flutter app that displays a company’s information like services, employees, managers, and you can also report a problem facing the customer within a specific service and rate them after the problem is solved.
- I’ve worked as a collaborator with another developer and my responsibility was to focus on the UI implementation and connect some screens to the firebase

The Station, Baghdad - Karrada, Communication Team Member

October 2023 – Present

- Collaborated on The Station’s COZO project development by implementing the User Interface, integrating Supabase, developing animations, implementing BLOC for state management, and implementing the MVVM architecture.
- Collaborated on The COZO’s project planning by providing the planning team with research results for the Cobon industry.
- Assisted in planning and executing communication campaigns that promoted events or initiatives, leading to higher attendance and participation rates.

Education

Studying **Information and Communication Engineering**. College of Information Engineering, Al-Nahrain University. 2024 June
